

Employee Onboarding Guide

Document ID: NT-HR-004 | Version: 1.0 | Effective: 01 January 2026

Owner: Human Resources | Classification: Internal Use

1. Purpose

This guide provides a practical overview of the employee onboarding process at Novatrix Technologies, from pre-joining activities through the first month.

2. Before Joining

- Complete employment documentation.
- Complete required identity and address verification.
- Provide banking and tax documentation.
- Provide emergency contact information.
- Complete required declarations and forms.

3. First Day

- Attend HR orientation.
- Activate employee identification and required accounts.
- Complete IT setup and receive assigned equipment.
- Attend the initial security briefing.
- Meet the reporting manager.
- Meet the immediate team.

4. Employee ID

Every employee receives a unique employee ID. The ID is used for internal processes and employee services.

5. IT Setup

Depending on role requirements, IT setup may include a laptop, company email, collaboration tools, VPN or approved remote-access services, and required business software.

6. Security Training

- Password and authentication practices
- Phishing awareness
- Confidential information handling
- Device security
- Security incident reporting
- Remote-work security

7. Manager Introduction

The reporting manager should explain the employee's responsibilities, current projects, team processes, communication expectations, and initial objectives.

8. First Week

- Complete mandatory training.
- Understand role responsibilities.
- Learn required business tools.
- Review relevant company policies.
- Meet key team members and stakeholders.
- Discuss initial goals.

9. First Month

During the first month, employees should become familiar with team processes, assigned projects, company systems, applicable policies, and performance expectations.

10. IT Asset Responsibility

Employees are responsible for protecting assigned IT equipment and reporting loss, theft, damage, or security concerns promptly.

11. Policies to Review

- Employee Handbook
- Leave Policy
- IT Acceptable Use Policy
- Information Security Policy
- Work From Home Policy

12. Example

A newly hired Data Analyst may receive a company laptop, email account, collaboration tools, access to approved analytics systems, and role-specific software after the required approvals and security controls are completed.

13. Frequently Asked Questions

Q: What should I complete before joining?

A: Required employment documents, verification information, banking and tax details, emergency contact information, and declarations.

Q: Who explains my initial responsibilities?

A: The reporting manager should explain responsibilities, projects, team processes, communication expectations, and initial objectives.
